GUIDE TO THE FIELD SKULLTULAS

Breaking the Curse!

The list below will guide you to all 56 Gold Skulltulas found in and around the fields of Hyrule. Check the chart on the right for the rewards available. Return to the House of Skulltula in Kakariko Village to claim your rewards. One prize, the Stone of Agony, will make your controller rumble when you're near hidden treasures or grottos.

AFTER DARK

The Skulltula's avoid the sunlight so try most of your searches after dark. See below for advice on when best to collect them. Play the Sun's Song to switch between day and night.

OUT OF REACH

Use the Boomerang and Longshot to retrieve Skulltula's that are out of reach. You will see many Skulltulas that you will have to collect later with the proper hardware.

AGE MATTERS

Some Skulltula's are only available when you're a child and some when you're a young man seven years later. See the chart below for advice on how old to be when collecting Skulltulas.

DIGGING FOR TOKENS
